Dear Sir/Madam,

RE: APPLICATION FOR INTERNSHIP OPPORTUNITY

I am writing to formally apply for an internship position at the National Information Technology Authority-Uganda (NITA-U). I am currently pursuing a Degree in Computer Science at Metropolitan International University, and I am eager to gain practical experience in the field of information technology within a reputable organization.

Throughout my academic journey, I have acquired knowledge and skills in areas such as programming, database management, networking, and computer systems. I am enthusiastic about applying these skills in a professional environment, learning from experienced personnel, and contributing to the organization's goals.

I am a hardworking, disciplined, and motivated individual with a strong willingness to learn and adapt. I believe that an internship with your organization will provide me with valuable exposure to real-world IT operations and enhance my professional development.

I am available for an internship period of three months starting May to July and am ready to comply with the organization's requirements.

I would be grateful for the opportunity to further discuss my application. Thank you for your time and consideration.

Yours faithfully,

Ssenkeezi Elisha Luzze
